Excellent! Thanks Mike. I just have to go through the rest of the emails I have and check them tomorrow and we should be done with our part.

Could you check the web and see if Office of Water has revised the Provisional Health Advisory for PFOA- Ammonium Perfluorooctanoic Acid- It came out about 2006 but as far as I know was not updated or made "final" and we have a FOIA. Thanks!

Karen D. Johnson, Chief

Subject: Dimock private well data with personal info redacted for FOIA

Hi Karen,

I've finished redacting personal info (names, addresses, lat/long) from the Dimock well sampling data. I re-named the files with the generic name "Dimock data" and a number. (Previously the files were named for the resident).

The files can be accessed at: L:\Share\Water Protection Division\dimock\Private water supply sampling data (for FOIA - personal info redacted)
